PROJECT DESCRIPTION *(please keep responses to 250 words or less)*

1. What goal are you seeking to accomplish?
2. What impact will this defined goal have on your business? Address how the technical assistance identified in this project will help you reach this goal.
3. Please describe any challenges that need to be addressed for you to reach this goal. If there have been barriers that have prevented you from accessing technical assistance or business planning programs or working towards your defined goal, please describe how these funds will help you overcome those barriers.
4. List the particular type(s) of technical assistance you are seeking. If you have identified specific consultants or technical assistance providers, please list their names and contact information here.
5. Describe any steps you have already taken to achieve your defined goal.
6. Provide a realistic timeline for completing your goal between December 5, 2022, and June 30, 2023.

BUDGET

1. How much money do you need to access technical assistance and achieve your defined goal? A best estimate will be helpful in allocating grant funds. Please note that the awards will range from \$1,000 to \$2,000, and that \$2,000 is the maximum award that may be granted per business by MOFGA. If your project budget exceeds \$2,000, please describe:
 - a. Where will additional money come from if the amount awarded does not cover your full project expenses?
 - b. How will MOFGA's TA Grant funds still be valuable/impactful even if other funds do not materialize?

Evaluation Criteria

Grants will be awarded through an internal review process with MOFGA and program partners.

SCREENING CRITERIA

Grant Management and Reporting

GRANT AGREEMENT

Prior to receiving funding, successful applicants must sign a grant agreement with MOFGA indicating their intent to complete the proposed project and authorizing MOFGA to monitor the project's progress.

Prior to commencement of work and release of any payments, grantee must submit:

- A current IRS Form W-9 (Request for Taxpayer Identification Number and Certification), signed within the past six months.

GRANTEE PAYMENT SCHEDULE

MOFGA will provide funds upon the approval of submitted claims and associated invoices. We can set up payments to be made directly to your technical assistance providers (which will then not be taxable income to you), or you can pay them upfront and be reimbursed with the awarded funds (taxable income to you). Typically, we will pay half of the awarded funds to your technical assistance provider at the beginning. The final funds will be provided after completion of the project, and when an Outtake Form and invoice have been submitted and approved.

Only expenses incurred during the grant period are eligible for payment/reimbursement. Project costs occurring prior to or after the dates of an executed grant are not eligible for reimbursement.

PUBLIC INFORMATION

Except for proprietary financial and personal identifying data, all other information provided by grantees regarding MOFGA Technical Assistance Grant projects (including grantee names, project descriptions, the amount of the grant award and impact reports) are considered public information and may be subject to disclosure.

DURATION

All projects funded in this round will begin as soon as grant agreements are executed, and must be completed no later than **June 30, 2023**.

REPORTING

Grantees will fill in an Intake Form at the onset of their project, and then are required to submit an Outtake Form for our funder as soon as their project is complete but no later than **June 30, 2023**. Later in the year, a First Year Report form will also be provided, to be submitted no later than **September 30, 2023**, and a final impact report form will be provided and filled in by **September 30, 2024**. All of these forms will be provided by MOFGA. MOFGA may request receipts, proof of purchases or other documents showing that grant funds have been used to complete the project.
