

Common Ground Country Fair Example Itinerary: HOME GARDENER

by Abe Noyes
MOFGA Member

HIGHLIGHTS

Number of Fairs Attended

Twenty!

Favorite Fair Day

All three!

We love arriving early and going in as the fair opens! There is so much to do and see and it's nice to avoid traffic.

PRO TIP

I recommend reading the fair schedule before visiting! If you don't have a schedule get one as you arrive and make that a first priority. There truly is so much to do, see and learn!

ITINERARY

Breakfast 9 -10 a.m.

All the Food Vendors

Walk the fairgrounds and find some good breakfast from the many diverse options.

Demonstration 10-11 a.m.

Sheep Dog Demo

A nice way to sit and eat breakfast while watching lots of amazingly smart and cute sheep dogs complete herding tasks that even humans would struggle to achieve! You'll see what I mean! Bonus of going to the first show of the day is it's generally less crowded.

Speaker 11 a.m. - 12 p.m.

Keynote Address

Relax on the common while enjoying some lunch and a lemonade while listening to smart and inspiring speakers.

Experience 1-2 p.m.

Exhibition Hall

Get out of the sun for a while and look at all the prizewinning vegetables grown by fellow Mainer!

Experience 2-4 p.m.

Visit the Animals

Walk the livestock grounds and visit all the animals and their farmers. You just might end up milking a goat or taking a wagon ride pulled by draft horses!

The Maine Organic Farmers and Gardeners Association (MOFGA) is ...

the Common Ground Country Fair • Farmer Programs • Organic Certification and Certified Clean Cannabis
Community Education • the Maine Heritage Orchard • Low-Impact Forestry • Public Policy • Volunteer Powered
